By Associated Press.

CHICAGO, April 9.—Wage demands of five groups of railroad employees numbering 350,000, will be pushed immediately as the result of the spread of unauthorized strikes of switchmen and engineers. G. A. Worrell, general chairman of the railway clerks' organization of the Chicago & North-western system, said today.

CHICAGO, April 9.—Switchmen who have been on strike here for nine days began returning to work this morning. Brotherhood officials who have been fighting the "illegal" walkout of their men do not claim that the strike is broken but were encouraged by reports from several roads that the men in small groups were reporting for work.

The Chicago Junction railway, the belt line connecting the stock yards and packing plants with the trunk lines, was one of the first to report. Eleven engine crews were at work, the report said, as compared to three yesterday.

While the switching and freight situation shows improvement, the congestion in the yards grew so great that seven of the eight railroads entering the Dearborn street car on are unable to run passenger trains down town. They are discharging passengers at the suburban station to complete the trip on elevated or surface cars. Only the Santa Fe was running into the station this morning.

YOUNGSTOWN, O., April 9.—Unauthorized strikes of railway employees with the up yards of five railroads, in the Mahoning valley district by 3 o'clock this afternoon, railroad officials said today, affecting 2,500 to 3,000 railroad men. Steel mill officials said that 14 hours of the strike would close the mills, throwing 35,000 men out of employment.

WASHINGTON, April 9.—An investigation of the unauthorized strike of switchmen and other railroad employees was ordered today by the Senate.

**JOHN A. BRASHEAR DEAD****Noted Pittsburgh Astronomer Was a  
Native of Brownsville.**

By Associated Press.

PITTSBURGH, April 9.—Dr. John A. Brashear, former chancellor of the University of Pittsburgh and one of the most eminent of American astronomers, died at his home here Thursday night after a long illness.

Dr. Brashear devoted much of his time in recent years to disbursing the funds for the relief of public school teachers created by the late Henry Clay Frick. He began life as a blacksmith in a Pittsburgh mill and many years ago became famous for the invention and manufacture of scientific instruments, largely for the government. He was a close friend of the late E. G. Langley, former head of the Smithsonian Institution, and was interested in him in his earlier enterprises in the construction of heavier-than-air craft.

Dr. John Alfred Brashear, astronomer and manufacturer of astronomical instruments, was the son of E. B. and Julia Brashear and was born at Brownsville, November 24, 1840. His father, Basil B. Brashear, Sr., was the son of Basil B. Brashear, Sr., who was the son of Otto Brashear, settled in Brownsville in 1775.

Dr. Brashear attended the public schools of Brownsville and it was there that he received the foundation for his great work.

Some of the first West Penn cars, of the gondola type, purchased by the company to haul its coal from the mines, were seen in the Baltimore & Ohio yards this morning.

**MACHINERY READY  
FOR LAUNCHING "Y"  
MEMBERSHIP DRIVE****Final Meeting of Team Captains and  
Members Will Be Held at Association  
Rooms Tonight.**

With the exception of the selection of two more teams for the "National league" of the railroad side of the coming membership drive for the Baltimore & Ohio Y. M. C. A. all plans are now about complete and the machinery will be set in motion Monday morning.

To make certain there are no misunderstandings and that each team will have a complete record of information concerning the memberships and other necessary data, a meeting of all team captains and members will be held at the "Y" auditorium tonight. Supper will be served at 8:30 o'clock. Next week the teams will gather each evening for supper at which time reports will be made and the drive discussed from any angle.

H. L. Cordery, manager of the "National's," expects to have his league filled out some time today.

The American teams, made up of business and professional men, under the management of George W. Campbell, follow:

"Tigers"—H. L. Silcox, captain; Rev. J. L. Prouditt, catcher; J. B. Hall, right; S. P. Aske, left; J. W. Peterman, center; R. E. Wilhelm, short. No pitcher has yet been secured for this team.

"White Sox"—T. S. Barner, captain; C. A. Crowley, pitcher; C. E. Mitchell, catcher; H. E. Dorsey, right; H. Henderson, left; Rev. G. L. C. Richardson, center; Duke Barry, short.

"Yankers"—L. E. Hankinson, captain; E. C. Moore, pitcher; P. R. Sheetz, catcher; E. W. Horner, right; George Bishop, center; Rev. G. W. Buckner, short. No left fielder has yet been selected for this team.

The "National" team now filled up the "Giants" with the following personnel: H. G. Fisher, captain; G. M. Tipton, pitcher; W. A. DeBolt, catcher; H. J. DeBolt, right; E. L. Martin, left; R. McClintock, center; N. M. Joseph, short.

The "Pirates" and "Cubs" of this league are yet to be named.

**RUSH OF CANDIDATES  
FOR OFFICE TO FILE  
NOMINATING PAPERS**

S. A. Kendall, Meyersdale; J. B. Werner, Somerset, and B. F. Sterling, Legislative Aspirants.

The usual rush to file petitions marked the last day set aside for that purpose yesterday at Harrisburg.

In the 3rd district there are three candidates for Congress—Representative Samuel A. Kendall of Meyersdale, member of the present body, and James B. Werner of Somerset, Republican, and Bruce F. Sterling, Uniontown, Democrat.

Senator W. E. Crow, Republican state chairman, and T. B. Donnelly of Connellsville, are candidates for delegates to the Republican national convention.

For Assembly petitions were filed by Ernest R. Kocier, Connellsville; Duncan Sinclair, Brownsville, and Leo Smith of Uniontown, for the Republican nomination in the Second Fayette district and by Merchant L. Collier in the First.

Democratic legislative candidates are Harry Cochran, Dawson; J. D. Madigan, Connellsville, and Feuben Howard, Uniontown, for the Second district, and W. M. Rhodes, Point Marion, First.

Bruce F. Sterling and Charles C. Lenhart, Uniontown, are Democratic candidates for delegate from the 3rd district to the Democratic national convention and John M. Core of Uniontown is a candidate for delegate at large.

CLEVELAND, Ohio, April 9.—A two-story brick garage was wrecked and scores of houses flooded and undermined this morning by the breaking of a large water main. The damage was estimated at \$100,000.

**REPAVING OF  
PITTSBURG ST.  
IS ENDORSED****Not Single Objection Raised at  
Mass Meeting of  
Citizens.****SENTIMENT OTHER WAY****Improvement Cannot Be Undertaken  
and Completed at Too Early Date, Is  
the Consensus of Opinion; the Estimated  
Cost Would Be \$161,112.00.**

Proposed repaving of Crawford avenue, from Ninth street, West Side, to the eastern city limits, was heartily endorsed by citizens at a mass meeting at city hall last evening. If there are any opponents they failed to make themselves known. The consensus of opinion was that the improvement is an absolute necessity and that council should lose no time in getting it under way.

After Mayor Duggan had introduced the matter and City Solicitor E. C. Higbee had explained the legal phases of the situation as pertained to meeting the cost, expressions of those at the meeting were invited. Here are some of them.

Charles Wehr—"I'm for it. Whatever council does will be satisfactory to me. (Mr. Wehr suggested that in making the improvement council require that the poles at Blystone corner be removed and that a wider radius for vehicular traffic be provided.)

John A. Armstrong—"I'm ready to pay my share. The Second National bank, which I represent, is in favor of going ahead. I think it is up to council. It seems to me council has the power to go ahead and make the improvement."

John Irwin—"I don't think I would object. Nobody else has objected yet. I think the plan is a good one. The street should be repaved."

John M. Doyle—"I'm ready to go along with the majority."

Holland L. Pierson—"I think the street should be improved and I think this council is able to take care of it."

George L. Armstrong—"I'm heartily in favor of repaving. We'll soon save the cost in tire bills."

A. O. Bixler—"I think the improvement will be a good thing. I would be in favor of making a bond issue (to cover the city's share of the expense) for a short period. Two years is long enough."

Joseph Donnelly—"I'm heartily for it."

A. W. Hart—"I think the street as it now is constitutes a menace to life and religion."

D. M. Parkhill—"I think Alec is about right. By gum, if one had any religion and had to ride over that street he'd feel like cursing."

C. W. McCall—"The quicker the better. I hate to go in and out over it."

City Engineer S. M. Foust submitted figures to show that the estimated cost of the improvement will be \$161,112.18. This he divided into four sections as follows:

Ninth street to bridge ..... \$80,873.71  
Bridge to Pittsburgh street ..... 14,439.61  
Pittsburgh street to curve at Cottage avenue ..... 35,067.15  
Curve to end of street ..... 61,269.71

According to Solicitor Higbee council can charge one-third of the cost to the propertyholders (one-sixth to each side). Under its franchise agreement the West Penn Railways company would be required to pave between the rails and 18 inches on each side. The remainder would be up to the city. Councilman C. W. Foust proposed to have the two telephone companies place their lines under ground in the congested district, it which event, under an agreement at one time proposed by the Bell company, the cost of paving and maintenance of about three feet in width would be borne by the wire companies.

Dr. Uts also suggested elevating the hip at Arch street, even if the cost of the sidewalk changes has to be borne by the city.

Further, Dr. Uts declared it to be the duty of council and chamber of commerce to at once launch a movement for a modern concrete and steel bridge over the river to take the place of the antiquated steel structure.

Solicitor Higbee suggested short term bonds to finance the city's share of the expense.

Council probably will have ordinances prepared at an early date.

**14 CARS PILE UP****Wreck at Greenwood On Western  
Maryland Railroad.**

A freight wreck occurred on the Western Maryland railroad this morning, 14 cars piling up at Greenwood, near the Fayette trestle. The derailment was caused by a broken truck on one of the cars. Some of the cars piled up on and others toppled over on their sides. No one was injured it was reported.

Two cranes were summoned and at noon were still working to clear the tracks. Had the wreck occurred a few yards further east the cars would have fallen from the trestle.

At the Hospital.  
John Henry Irwin, son of Mr. and Mrs. Thomas Irwin of Crossland, Pa., was admitted to the Cottage State hospital to undergo a throat operation and receive treatment for an infected hand.

**MOYER HEN'S EGG

A LARGE PEANUT**

James Clancy of Moyer brought to The Courier office today an egg that is in a class by itself as a freak. In size and shape it is an exact duplicate of a well-formed peanut. The only difference lies in that the shell is smooth like the ordinary egg instead of rough like a peanut. The egg was laid by a loghorn hen five years old, Mr. Clancy said.

**RESTOFSKI HEAD  
OF COKE REGION

Employees Effect Permanent  
Organization.****PRESIDENT LYNN ATTENDS****Head of System and Score of Officials  
From Pittsburgh Offices Come Here  
to Assist in Launching Division  
Company Is Just Getting Started.**

About 350 employees of the West Penn Power company in the territory included between Footedale on the south and Latrobe and Greensburg on the north met in the high school auditorium last night and organized the Coke region division of the West Penn Section of the National Electric Light Association. A score or more executives from the Pittsburgh offices, including A. M. Lynn, president of the West Penn system, attended. Mr. Lynn addressed the meeting, telling in a characteristic way of his enthusiasm over the West Penn and its possibilities for development and praising the spirit of the West Penn "family" as manifested at the meeting.

Among other things, Mr. Lynn declared that the West Penn was just getting started. "It has just scratched the surface," he declared, "and its possibilities for development are enormous."

Harry Restofski, who was chosen temporary chairman at the preliminary organization session, presided. After the report of the nominating committee was received, Mr. Restofski was unanimously elected president; William Suite, superintendent of the West Penn power company at Greensburg, vice president, and William Adair, secretary-treasurer. It was explained that Chester McKesson, temporary secretary, was not recommended for that office permanently only because his early transfer to the Pittsburgh offices had been decided upon.

The organization was preceded by addresses by C. I. Cotton, superintendent of the work order department of the company, who is chairman of the West Penn section, of which the Coke region division is a part; and Vice President G. M. Gadsby, vice chairman of the section. Mr. Gadsby, who fathered the section idea and worked untiringly to get it away to a good start, expressed his belief that the N. E. L. A. work in the Coke region will be highly successful. He praised the spirit evidenced and told of some of the plans for the future.

Three other sub divisions are to be formed in the Monongahela and in the Allegheny valleys and at Washington, Pa. Owing to the fact that the West Penn folks are scattered over hundreds of miles of territory, he said, it was found impossible to have one big section such as companies serving smaller territory maintain, but it is planned to have the entire "family" get together once a year, at a picnic some time in August, and possibly again at Christmas time although it is not known now whether this latter plan is feasible.

Impromptu talks were also given by G. G. Bell, manager of power generating department; A. N. Cartwright, general superintendent of distribution; and James McCall, manager.

**NEW FRICK SCALE  
EXCEEDS THE 27  
PER CENT AWARD****Granted Miners of Central District By the Wage  
Commission.****INCREASE OF 125 PER CENT****Over Scale Rating at Outbreak of the  
War and 315 Per Cent Over the First  
Scale of 1891; Independent Operators  
Follow Frick Lead as Custom.**

In accordance with notice given on April 1 of its intention to grant an increase in wages to its employees, effective that date, the H. C. Frick Coke company posted the new scale at its different works at 8 o'clock last evening. This scale, with that of December 1 last, more than absorbs the 27 per cent advance awarded by the Bituminous Coal Commission, appointed by President Wilson to adjust the wage demands of the miners of the central competitive district. The increase ranging from 23 to 111 per cent with an average of approximately 25 per cent. The new scale not only provides the highest rates of wages ever paid in the coal mining industry anywhere in the world, but it provides to the mine workers of the Connellsville region the distinction of being the highest paid mine laborers in the bituminous districts of the United States.

Since the outbreak of the war in 1914 there have been eight successive advances in wages, of which the last has been the latest. Compared with the scale of April 1, 1912, which was in effect when the war began, the advance during the eight years which have elapsed has been approximately 125 per cent. Compared with the first scale, which bore date of February 1, 1914, the advance has been approximately 315 per cent for mining and loading room coal, the base upon which all scales have been computed.

The new scale, compared with that of December 1, 1919, which it replaces, is as follows:

	Apr. 1, 1920	Dec. 1, 1919
Pick Mining and Loading room and sub coal, per 100 lb.	\$4.24	\$2.65
Pick Mining and Loading Hearing Coal, per 100 lb.	\$3.46	\$2.02
Pick Mining and Loading West End Coal, per 100 lb.	\$3.43	\$2.16
Loading Machine Coal, per 100 lb.	\$2.10	\$1.22
Drawings Coal, per 100 lb.	\$1.89	\$1.64
Drivers, Rope Riders, Cages, Track Layers, Blasters and Timbermen (Bridges and Slips), per day of 8 hours	\$5.55	\$3.75
Drivers, Rope Riders, Cages, Track Layers, Blasters and Timbermen (Bridges), per day of 8 hours	\$5.60	\$3.76
Assistant Tracklayers and Assistants Timbermen, per day of 8 hours	\$5.25	\$3.45
Wire Tappers, per day of 8 hours	\$5.30	\$3.00
Mine Laborers, per day of 8 hours	\$5.35	\$3.45
Leveling, per even (hand)	\$5.1	\$3.25
Outside Day Labor, per day of 8 hours	\$4.40	\$4.00

The same rules of measurement and regulations as to miners drilling holes and furnishing powder for pick mining, and the company drilling holes and furnishing powder for machine mining, remain in effect, with semi-monthly payments on the same dates as heretofore.

The Frick scale will be accepted by all the operators of the region, as has been their custom, they having given notice on April 1 of their intention to pay the scale which was to be computed and posted by the H. C. Frick Coke company, to which the initiative in making scale has been accorded during the past 26 years.

**CAR SUPPLY****To Be Further Improved Through In-  
crease of Per Diem Charge.**

WASHINGTON, April 9.—The improvement in the car situation, shown by the report of the Commission on Car Service, to the effect that the daily unfilled requisitions for cars have decreased from 30,000 to 20,000 within two weeks, will no doubt be further stimulated by the decision of the commission to increase the per diem charge for freight cars on foreign lines.

According to an agreement between the commission and the railroads the per diem rate is to be increased from 50 to 90 cents per day. The effect will be to speed the return of cars to their home lines, delay in which has long been regarded as one of the principal causes of car shortage. Demurrage charges will remain unchanged for the present.

**Struble Enters Hospital.**

J. E. Struble of Patterson avenue this morning went to Pittsburgh where he will enter the St. Francis hospital to have his tonsils and teeth removed. He has been suffering from rheumatism for six weeks, being confined to his home. He hopes to be relieved by the operation. He was accompanied to the city by Mr. Struble.

Trespassers Arrested.  
Harry L. Smith and John Thorn, arrested for trespassing by the Baltimore & Ohio police yesterday, are being held for a hearing before Alderman Fred Munz today.

**CONNELLVILLE SPIRIT  
INFECTIOUS, PRESIDENT  
OF WEST PENN LEARNS****Says He Is More Than Ever Enthusiastic  
After Attending Employees' Meeting,  
at the High School.**

In a talk to West Penn employees gathered in the high school auditorium last night to organize the Coke region division of the West Penn section of the N. E. L. A., President A. M. Lynn urged upon his hearers the importance of establishing a good feeling with the public.

"The West Penn is a public servant," he declared. "The public expects and is entitled to good service and that is what we are aiming to give. Pass out kind words. Make friends, not enemies."

Mr. Lynn said it was his experience after 20 years in the public utility business that the corporation whose employees are such that the public will say of them, "Well, they're a pretty good bunch" is bound to succeed.

The president declared that he was more than ever enthused over the West Penn and its possibilities after attending the Connellsville meeting and becoming imbued with the Connellsville spirit.

"I'm coming again," Mr. Lynn promised, "for I want to be one of you."

**TONY BUFANO SOARS  
OVER WASHINGTON  
IN AN AIRPLANE****Up So High Washington Monument  
Looks Like Silver Pencil Sticking  
in Ground, He Telegraphs.**

While in Washington in conference with Congressman S. A. Kendall, Food Director Antonio Bufano of Connellsville, through an arrangement made by Mr. Kendall, today took his first trip in an airplane.

"The altitude reached was so high," said a message from Mr. Bufano to The Courier, "that the earth looked like a map and Washington Monument like a silver pencil sticking in the ground."

The flight was at Bolling Field, in company with Major Smart.

**INN DISAPPEARING****Few More Days and South Side Structure  
Will Be Memory.**

With but a few more days' work the Colonial Inn, South Pittsburgh street, which is being razed to give place to the new Methodist Episcopal church, will be only a memory in the minds of those who have spent so many happy hours there. The inn has been transferred, piece by piece, to the West Side by the purchaser, Mayor John Duggan. He will use part of it for the erection of a home of his own and the remainder will go into other homes he intends to build.

The only remains of the inn are a few upright pieces of timber and the lower portions of the chimney. South Side and others, to whom the old colonial bones always seemed like the cornerstones of the residence section of that part of the city, have daily watched it coming down. After the first misgivings at losing the inn, however, would come the satisfying thought that, another, and more beautiful, structure will go up there. The garage has also been taken away and the stable is now being razed. The shrubbery no longer graces the walls, only the larger trees remaining on the grounds.

**"DOKIES" TO INITIATE****Large Class Will Be Taken Over Sands  
in Uniontown May 15.**

V. E. Featherbs, R. S. Jeebe, H. M. Brownfield, R. C. Shupe, H. J. DeBolt and R. W. DeBolt of Connellsville and Noah Colbert and L. G. Chorpren of Uniontown attended a meeting of Knights of Khorassan (Dokies) at McKeesport Wednesday, called for the purpose of completing arrangements for their ceremonial to be held in Uniontown May 15 and at which time a large class of candidates will be "led across the hot sands."

Committees from Connellsville, Brownsville, Scottsdale, Fairchance and Meadown, under the leadership of Noah Colbert of Uniontown, have been busily engaged with the preparations. The West End theatre has been secured for the ceremonial. A banquet will be served in the Methodist Episcopal church.

**COUNCIL TO AID LIBRARY****Will Give \$400 Additional if School  
Board Meets Amount.**

On condition the school board contribute a similar amount city council will appropriate an additional \$400 for the support of the Carnegie library during 1932. This agreement was reached by a committee composed of R. L. Shaw, C. W. Uts and J. L. Cypher and reported to council last evening.

The stipulation is that the school board agree to pay the amount by May 15.

Scout Like Tomorrow.  
Connellsville Boy Scouts will take a hike to the Rudolph farm tomorrow. They will meet at the Baltimore & Ohio Y. M. C. A. between 7:30 and 8 o'clock in the morning. Each boy should provide himself with the required "gear." The scout will be in charge of Assistant Scoutmaster Clyde Blythe and Patrol Leader Roy Henry.

Treat Season Opens Thursday.  
Next Thursday marks the opening of the trout season for this state.

## VETERANS AND LADIES

## CELEBRATE ANNIVERSARY

Today being the 55th anniversary of the Surrender of General Robert E. Lee at the Appomattox Courthouse, a representative gathering of members of William F. Kurtz Post No. 184, Grand Army of the Republic, members of the Ladies' Circle to the G. A. R., and a delegation from the Uniontown circle assembled yesterday afternoon in Odd Fellows' hall to celebrate the occasion. The exercises were in charge of the Ladies' circle and were of a most interesting nature, the program being appropriate to the occasion.

The meeting opened with singing by the audience, followed by a prayer by Rev. J. S. Showers, an honorary member of the G. A. R. post. Little Virginia Ringler favored the guests with two recitations, delivered in a very capable and pleasing manner. A vocal solo by Miss Altha Lynch of Uniontown, was the next number and received much applause. A reading, "Aunt Melinda on Boys," by Mrs. Smith Grish, was a delightful feature of the program. The next period was taken up by an address on "The Civil War," by Rev. Showers. Talks were also given by Conrad Jones, W. P. Clark, commander of the post, Lyman Strickler, J. R. Bailey and Captain Edmund Dunn. A piano solo by Miss Lynch and "My Country 'Tis of Thee," sung by the audience, closed the program. A lavishly appointed luncheon consisting of sandwiches, pickles, ice cream, cake and coffee was served by ladies of the circle. The favors were small American flags. The decorations were entirely patriotic, flags being artistically arranged about the hall. Colonel James J. Barnhart made a motion, which was unanimously carried, that the ladies of the circle be extended a vote of thanks for their hospitality and their royal entertainment of the post and other guests present. Mrs. Daniel Springer presided over the program.

Members of the post present in addition to those named among the speakers were, A. S. Haddock, L. W. Moore, C. H. Whiteley, A. R. Burd, and Mrs. Amanda Williams, represented the Uniontown circle, and Mrs. Elizabeth Shallenberger, Garfield circle No. 15, Pittsburgh.

**Gaborko-Cavanagh.**  
Miss Mary Gaborko and Harry Cavanagh, both of this city were married last night at the United Brethren church parsonage by the pastor, Rev. J. S. Showers. The bridegroom is employed by the West Penn Railways company.

**D. A. Y. P. Club.**  
Miss Isabelle Stafford will entertain the D. A. Y. P. club this evening at her home in Cottage avenue.

**Social Meeting Is Held.**  
S. H. Dodson, for four years a member of the Canadian Northwest Mounted Police, was the principal speaker at a social meeting of the Men's Bible class of the First Methodist Episcopal church, held last evening in the church annex. Mr. Dodson assisted in conducting schools for the settlers in the northwest border under the auspices of the Canadian government. During his work there he saw that every person in the district had a chance to learn to read and write and do household work. When he left every child above seven years of age could read and write. Following Mr. Dodson's address refreshments were served by a committee composed of E. C. Lewis, Lester, K. M. Pierpoint, E. W. Horner is the class teacher and C. C. Moore the president.

**Welfare Awards Distributed.**  
The members of the Christian Sunday school who made perfect or near perfect records in attendance and punctuality during the year ending March 28 were awarded prizes publicly at a well attended rally at the church last night. Rev. C. W. Buckner presided in the absence of Harry Restofski, superintendent of the Sunday school. A lot of thanks was given Mrs. Daise Trump, the registrar, for her work in connection with keeping the record of attendance. The prizes were chiefly books. They who received them were:

W. Burkner. A musical and literary program was rendered, in charge of Miss Beulah Gilmore.

**Miss Michalowski to Wed.**  
An early spring wedding of interest is that of Miss Laura Michalowski, a well known young woman of this city, and Vincent Vossie, head clerk at the Union Supply company's store at Trotter. Miss Michalowski has been a clerk at W. N. Leche's store for the last seven years and has a wide circle of friends. The wedding will take place this month in the Immaculate Conception church.

**Guests at Luncheon.**  
Miss Nellie Dougherty, Miss Eleanor Solson and Miss Mary Frances Rakou were among the out of town guests at a charmingly appointed luncheon given yesterday afternoon at the William Penn hotel, Pittsburgh, by Miss Mary Harris of Grafton, Pa., for twenty-five of her school friends, all students at Seton Hill college. A theatre party followed the luncheon.

**Successful Entertainment.**  
A very successful entertainment, including music and literary numbers and a playlet, "The Third Degree," was given last night in Macabee hall under the auspices of the Woman's Benevolent association of the Macabees. The large hall was well filled and the audience enjoyed every number on the program was shown by the generous applause. The members of the cast portrayed their roles in a very capable manner, while the musical and literary numbers were well received.

**Will Entertain Club.**  
The regular meeting of the K. K. K. club which was to have been held tonight at the home of Mrs. Sara Wardley in Sycamore street, has been changed to Monday night.

**Aid Society Meets.**  
The Ladies' Aid society of the First Methodist Episcopal church met yesterday afternoon in the church annex and transacted business of a routine nature. Plans for the bazaar to be held in the near future were also discussed. The meeting was well attended.

**U. P. Endeavor Meeting.**  
The regular business meeting of the Christian Endeavor society of the Methodist Protestant church will be held this evening at the home of Miss Olive Hetzel, Green street.

**Beautifully Appointed Dinner.**  
Mr. and Mrs. Harry Worthington gave a beautifully appointed 8 o'clock dinner last evening at their home near Leisenger No. 1, in honor of the 30th birthday of their daughter, Miss Mabel. The menu consisting of the many good things which help to make a real chicken dinner. The table was centered with a large birthday cake, bearing 20 candles, significant of the age of the guest of honor. Covers were laid for Misses Irene and Katherine Cole, Miss Margaret Weaver, Miss Isabelle Halliwell, Miss Mary Walchski, Miss Margaret Getty and Miss Helen Graham and Miss Worthington, all of Leisenger; Misses Sara and Ruth Moore of New Salem; Misses Bertha and Sara Hopper, Miss Elizabeth Harding, and Miss Lucy Cropp of Connelville.

**Unity Frat Meeting.**  
A meeting of the Unity Fraternity will be held Sunday afternoon in the club rooms in North Pittsburgh street at 2 o'clock.

**Party for Miss Peters.**  
A delightful surprise party was held Wednesday evening in honor of Miss Alberta Peters at her home in Porter avenue. The evening was spent in playing games. Later a dainty lunch was served.

Singer, Coming Here  
Got \$10,000 For Song  
ROSA HAMILTON, CONTRALTO,  
Gets Big Price For One Verse

Ten thousand dollars for one song!

That is the amount Rosa Hamilton, contralto, received for one little verse during the sale of Liberty Bonds in Pittsburgh last fall.

Mrs. Hamilton was selling bonds at the Union Club, and was asked for a song.

"I'll sing if you'll buy a bond," she replied.

"Done," replied the banker. A few minutes later, Mrs. Hamilton's perfect contralto voice was filling the room, and bustling other sounds of selling.

When she had finished, the banker made out a check for ten thousand dollars and handed it to her in silence.

That was the largest individual sale of the day.

Mrs. Hamilton and Mr. Chas. Hamilton will jointly appear in recital at the First Presbyterian church on the evening of Thursday, April 15th. Mr. Heinrich is the official organist and director of music. Carnegie Institute, Pittsburgh, and Mrs. Hamilton is one of the finest contraltos appearing on the concert stage.

Tickets are now being sold by members of the Organized Junior Public Class and members of the choir. A capacity house is looked for and reservations should be made early.

This atmosphere of personal service, of interest and attentive concern for your welfare that pervades this great store is something that cannot be produced artificially. You find it here because the principle upon which this business has been built is "the customer's interest, first, last, and all the time."

Credit is as old as America—even the Indians used it when they borrowed fish hooks from fellow tribesmen, agreeing to repay the loan with part of the fish. Our Extended Account privilege is open to all worthy people. It is yours to take advantage of during this, our Great Twenty-Ninth Anniversary sale.

## Our 29th Anniversary Removes All Price Barriers to Beautiful Furniture

**15% OFF**

**On Furniture for Every Room in the Home**

**15% OFF**

### Sale Starts Monday, April 12th

Outdoing and outdistancing every other Anniversary Sale ever held by Aaron's, the opportunities that will be genuine features in every department of this great six-floored store, should mean something to every home in Connellsville.

This is a sale that should make you think, and it will if you view the fine assemblage of good furniture that will be found on every floor. Practical commonsense has been shown in the selections—what is wanted—what is in perfect harmony of taste—in fact the best that skill and experience can produce of lasting beauty and comfort is here—and with all price-barriers down.

Whether it is furniture for a mansion, or furniture for the average American home—subdued designs or ornate—whatever your fancy may dictate you may be sure of finding it here at Aaron's during this Twenty-Ninth Anniversary.

Thousands of pieces of America's finest cabinet work will be sold during the sale, and fortunate indeed will be those homes that avail themselves of this remarkable economy service in view of present market conditions. And please remember that Aaron quality will apply to every solitary article in the store from the lowest priced goods to the highest priced—the added dollar values that will be given are the same as always.

This is not a sale suddenly decided upon and gotten up overnight but represents months of studied buying and planning in order that the people of Connellsville might be able to select from a quantity and variety quite unbelievable until it is seen, understood and appreciated. Despite the scarcity of furniture talk, we have plenty thanks to our unceasing efforts to provide for our friends and patrons the kind of furniture they want the periods they like, the finish they have set their hearts upon and the particular style they may prefer. No shortage! No scarcity! Plenty!

And what is most important of all the furniture will be sold at a saving representing twenty dollars out of every one hundred—and more than that we guarantee permanent and positive satisfaction from anything purchased—makes no difference what it may be.

**Every article in the house except Whittall Rugs, Victrolas and Hoosier Kitchen Cabinets will be sold at 15% reductions.**

## How to Keep Baby Smiling and Well

See that the daily functions are regular and normal

YOU can't expect the little ones to be happy and playful when the head feels dull and the stomach bloated. The normal habit of children is to be happy and when you notice them cross and fretful you will find constipation is responsible.

Perhaps they have missed that daily function so necessary to comfort and health. Look at the tongue and see if the breath is bad. Watch for belching. These are the tell-tale symptoms of constipation. Tonight give a little of Dr. Caldwell's Syrup Pepsin, which you can buy at any drug store, and it will act in the morning and the troublesome symptoms promptly disappear.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin. Unlike the harsher physics it acts gently and without griping so that while grownups can use it freely it can also be given to a tiny baby with perfect safety. Thousands of American families would not think

of being without a bottle in the house for the emergency arises almost daily when it is needed.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 518 Washington St., Monticello, Illinois.

## MANAGER FRANCIS ORDERED TO HAVE PLAYERS MEASURED

Officials of Ball Club Confident  
the Thing Will  
Be a Go.

### C. H. S. SHOWS UP FINELY

So confident are the officials of the Connellsville baseball club that the citizens will not let the venture to put baseball back on the map in this city become a failure that they have instructed Manager Chip Francis to round up his players to be measured for their uniforms. This move on the part of the club is a good one, in view of the fact that uniforms are hard to get, sometimes requiring over a month for delivery. The opening date has been set for May 15. This will give the club ample time to get the uniforms before the umpire yells "play ball."

No sweeter music to the ears of a ball nut than that bellow of the "umps" when he sings out that war cry, "play ball," and the fans see the teams go into action. "S-t-r-i-k-e w-a-n-t!" Oh you baseball nut, Nary a thought do you give about cats when the score is tied one-one in the 12th and the old girl at home warming up the supper over and over again and wondering what's keeping John at the office. "Lam the old pill for a homer," you shout. At last, in that hushed silence when its two and three, and the "robber" says "Go-o-u-r-e Out!" Then friend wife at last makes you understand: If you don't get up you'll be late for work.

That's baseball, too.

**TRACK AND FIELD.**  
The efforts of Coaches Hall and Skomp of Connellsville high to develop material for the W. P. I. A. L. track and field meet to be held in Pittsburgh next month is meeting with such success that in two events at least C. H. S. is sure to be represented. He high jump and hurdle.

Audrey Skomp, who won many triumphs in these events while in the Marine Corps, has full charge of this branch of the team. The candidates whom he is getting such wonderful results from are Hume, Jones, Hecklinger and none other than Jerry Tumney for the jumps. Of Tumney great things are expected. This boy has tried for several teams at school but it seems he just fell short of making any of them. When the call for candidates was issued, Tumney responded, more as a matter of routine than anything else. In the workouts at the gymnasium the ease with which he makes his jumps has the others fitting up and taking notice. Yesterday he cleared five feet and two inches without extending himself.

So sure are the coaches of entering a jumps and hurdles, that hurdles

were immediately ordered. In the hurdle events, Hecklinger, Harsh and Bush will be the choice of the coaches when the entries are sent in. When The Courier published notice of the big meet and suggested that C. H. S. should enter a team the prospects were not bright, but apparently it was just such events that will bring much fame and glory to C. H. S. As soon as the cold spell breaks, Coach Hall will start to weed out his sprinters and distance runners. These candidates will work out on Fayette Field. The intentions are to build a cinder track there.

### BASKETBALL DRIBBLES

The Uniontown high school basketball team, which left the county seat yesterday, arrived at the scene of the P. I. A. A. L. championship series at State College today. The party consisted of Professor A. E. Wright, principal of the high school; Coach A. J. Everhart, Student Manager Marcus Jaquette, Assistant Manager Edward Cowen, Joe Ruby and Richard Cowen. The basketball squad is made up of Captain Funk, center; Alpha Francis, Leonard Cornish, Orville Court and Robert Little, forwards; Clark Hackney, Fred Altman, Clarence McElwain and Joe Allen, guards. Allen will also act as substitute center. Eleven teams will participate in the series. They play today and Saturday. The Uniontown delegation is confident of victory.

The standing of the Baltimore & Ohio Y. M. C. A. Junior championship series have now two teams tied for titular honors, as follows:

### Why Have Ugly, Itching Pimples?

Simple Treatment Clears Skin Quickly of All Unpleasant Eruptions.

For several weeks past A. A. Clarke has done a big business and made lots of friends simply by recommending and selling HOKARI—a skin healer that has miraculously aided many Connellsville people in restoring to them a clear, natural, healthy skin.

HOKARI by its antiseptic healing qualities has been found to correct quickly all minor skin troubles such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet and piles. Ulcers, sores, salt rheum, and even chronic eczema respond readily. There has yet to be found any form of skin disease that HOKARI does not greatly help, and its action is so quick, pleasant and healing that those who have used it are delighted with it in spite of its unusual healing powers, the price is a trifle. To convince you of its merit, A. A. Clarke, druggist, will sell you a HOKARI sized jar for only 50c. If it doesn't do what it is claimed to do—you can get your money back.—Adv.

The teams play today again.

The defeat registered by the I. C. S. basketball team to the South Side Prep tossers Wednesday night has touched a tender spot, and Ed Hicks wants to arrange another game as he is not satisfied with the result.

Tony Rendine has on display at his place of business a collection of photographs of all the star basketball tossers of this vicinity, the collection being the gifts of the players and of Edie Wall, the referee.

### BOWLING.

When Sheila Hauser and Bobby Wilson teamed up to enter the Southern Duckpin tourney neither one thought for a minute they were to become billiard rivals on the alleys. This state of affairs was brought about by the poor showing made by each in the tourney. After much joshing on the part of both, they took the matter seriously. As a result they will roll it out, to see who is the better man at the sport. The men have agreed to roll a series of 10 games, the total score to decide. The first of the matches is to take place Tuesday night either on the Manhattan or the West Penn alleys.

### BOXING.

Some time ago we stated that if the Walker boxing bill would fail to become a law in New York state, John Snyder, Cumberland sportsman, had Tex Rickard's word that he would try to land the Dempsey-Carpentier bout for Cumberland. Now that the bill to legalize boxing in the Empire State is a dead issue, we await with interest the moves that will be made to land the match. There is some talk of Newark, N. J., being the lucky city.

When you do not hear a peep from wily Tex something big is in the air, that; being the way this bird works. We know for a fact that Snyder is after the bout and, no doubt, is working under the directions of the "Image" Tex, the Silent. His idea of working is to remain dumb. That is the reason Cumberland has not been publicly mentioned.

Our opinion is that, when the time is ripe, the big scrap will be set to take place at Cumberland.

### U. M. W. PRESS DEMANDS

Completion of Anthracite Agreement  
Very Much in Doubt.  
By Associated Press.

NEW YORK, April 8—Officials of the United Mine Workers declared today that successful completion of a new wage agreement for the anthracite coal fields depends on whether the mine owners grant the workers an adequate wage increase, the closer shop with the check-off system of collecting dues, the payment for cost on the legal ton basis wherever practical and enforcement of an eight-hour work day throughout the industry.

These are the chief issues involved from the union's point of view, they said, and the 200,000 miners in the field have insisted that they be incorporated in the new contract now being drawn up here by a sub-committee representing both sides.

### PLANNING FOR HORSE SHOWS

Syracuse to Erect Vast Amphitheater and Show Ring for Exhibition of Live Stock.

Syracuse, it is reported, has ambitious plans for future horse shows as well as harness racing in connection with the New York state fair. It is said that a vast amphitheater and show ring, costing \$500,000, is to be constructed for the exhibition of horses and other live stock, and that the fair this year will continue two weeks, beginning Labor day.

"We're always meeting friends"

—Chesterfield

OVER three million smokers—over three million friends—know the "satisfying" goodness of Chesterfield's expert blend of fine Turkish and Domestic tobaccos.

These smokers know that such richness of flavor, such mellowness of taste, can only come from the choicest tobaccos, bought and blended by experts.

And they know that the Chesterfield blend is an exclusive blend, that it cannot be copied or even closely imitated. They know that only Chesterfields can "satisfy."

## THE SOISSON.

"SINNERS"—The story of a New England girl who goes to New York to make her own way, is an interesting attraction today. Alice Brady supported by James L. Crane and other well known stars, is seen in the role of Mary Horton.

Greenwich village is the home of painters, sculptors, musicians, short-haired, sandal-shod women and long-haired, dreamy-eyed men.

It is in a studio that Mary Horton (Alice Brady) finds employment as a secretary. She is poorly clad and sopes for the fine clothes she sees the models wear, while being painted. In a moment of weakness, when the studio is deserted, she dons the costume in which one of the models posed, and admires herself in the mirror.

Don Carroll, the artist, and Mary's employer, comes in as she stands before the mirror. He notices her striking beauty and approaches Mary, telling her to keep the clothes that become her so well. Overcome by her attractiveness he embraces and kisses her. Mary stoutly resists him. It was indeed a trying moment in Mary's life.

## THE PARADISE.

"THE DAY SHE PAID"—A powerful drama, with Frances Billington in the leading role, is being presented today.

"The Day She Paid" concerns itself with the oft-discussed problem of the woman who marries without confessing to her husband an indiscretion committed in the past.

Marion Lane, chief mannequin in the women's wear establishment of Adam Kessler, has had an affair with her employer, who deceived her by a false promise of marriage. A customer of the concern, wealthy up-state merchant, falls in love with the pretty model and proposes marriage. He is a widower with two children—a girl of 16 and a child of four. With a promise of silence from her employer, she marries, settles down and grows to love the children as if they were her own. Several years later Kessler, on a visit to his valued customer sees and becomes infatuated with his daughter, and offers his hand in marriage. Knowing the character of the man and wishing to shield the girl from a fate similar to her own, Marion objects to the marriage, being forced by her reason she confesses to her husband.

## THE SOISSON.

"MY SOLDIER GIRL"—A tuncful and picturesque musical comedy will be the attraction Monday night at this theatre.

Theatregoers will be treated to gorgeous costumes, elaborate stage sets, novelties that are new and effective, a complete new version of book, lyrics and music, and an excellent cast supported by a bewitching beauty chorus, who present the many stage pictures that make a show a treat.

One of the many novel features in the tuncful musical play is a gorgeous stage setting, which presents a brilliant picture production on the roof of New York theatre. In rapid succession follow "Pluribus Walk," an illuminated cardboard extending out over the heads of the audience on which the clever dances are introduced by bewitching beauties; a layette at Colonel Stone's home, Miami, Fla., with banks of flowers and lights; novel stunts and dance ensembles; a famous "pony" ballad from the roof of a New York theatre, and a brilliant musical spectacle in all its fiery glory.

There are fully some 20 musical numbers, including "My Soldier Girl," "I'm for You," "Wrap Me in a Bundle of Love," "That Dixie Wedding Tune" and "Won't You Be My Dearest."

## THE DAMON OPERA HOUSE.

"THE BRAT"—A powerful dramatic story of a gutter waif, giving Maxine a role which displays to the full her dramatic art, will be shown tomorrow. The story tells of a little girl of the slums, known to the other girls of her acquaintance as the brat, from the time she is found in the gutter court by a rising young author in search of local color for his new book. The dramatic and amusing incidents which crowd one upon the other and are woven together in this screen masterpiece give the great star a role which reveals her in tense and gripping power.

## QUESTIONS PUT UP TO PROSPECTIVE MINE FOREMEN

### QUESTIONS—H

Questions put to the candidates for mine foremen's certificates in the Ninth Bituminous district examination in the parochial hall Connellsville Thursday morning were:

If you were given short notice while the mine was in operation at a gaseous mine to stop the fan for repairs, state what precautions you would take to insure the safety of the employees.

Name the explosive gases met with in bituminous mines, where found, and their effects on life and combustion, which is the most dangerous and why?

Under what conditions would you recommend the use of permissible explosives and the employment of shot firers?

State what dangers may arise from a blown-out shot in a gaseous mine and could a safe shot (that did its work immediately succeeding a blown-out shot produce a disastrous explosion? If so what precautions would you take to guard against the same?

In a mine worked with locked safety lamps what instructions would you give firebosses, assistant foremen and shotfirers and what information should you obtain from them to enable you to perform your work intelligently and with safety?

What percentage of the total volume of air entering the mine at the inlet would you expect to find as measured in the last cross-cut of the various splits?

The questions given Wednesday afternoon were:

What is a creep and what causes it? What remedies would you apply in case a mine of which you had charge showed indications of a creep?

With ordinary good roof and floor can pillars be extracted successfully with mining machines? If so, what system would you adopt?

How should a mine be laid out and developed to insure the recovery of the largest percentage of the coal?

What are the necessary requirements to safeguard the employees on haulage roads where the haulage is done by trolley electric motors?

Show on the accompanying map how you would ventilate the same according to the instructions given therein with 200 men employed in this mine 100 men on the right and 100 men on the left of the main entries.

### SEASONABLE DISHES

Think as well as you can of every one who is trying in these hard times to do his duty—to be brave, cheerful and useful. Let us not be among those who wait their tongue like a sword and hand their bows to shoot their arrows even bitter words. Kindness helps where criticism cannot.

A good baked apple is a welcome dish at any meal. The manner of serving it may be varied so that it never becomes commonplace.

Apples stuffed with Nuts and Raisins—Core five apples being sure to remove all of the core. Take off the paring from half the apple. Put half a cupful of sugar and half a cupful of water into a saucepan, into this set the apples to cook, turning often until each apple is tender. Set them carefully into a baking pan. Fill the centers with one-third of a cupful of raisins and nuts chopped fine and a little granulated sugar, and bake in a moderate oven until well glazed. Serve with the syrup poured around them.

Vegetable Chowder—Take two thin slices of fat salt pork, cut into dice and fry out slowly. In a saucepan cover a half-dozen sliced potatoes with boiling salted water and when nearly done add the pork and one can of corn, the water in which the potatoes were cooked and milk enough to make the desired amount of chowder. If it seems too thin thicken slightly with crumbled crackers. Serve hot with crackers.

Buttermilk Bread—Take one and one-fourth cups of fresh sweet butter, one tablespoonful of sugar, two teaspoonfuls of salt, one-half of a cup pressed yeast cake with flour enough to make a stiff batter. Scald half a pint of sifted flour with the butter, milk, stir well and add sugar and salt. Dissolve the yeast in a little tepid water and when the batter is lukewarm add the yeast. Beat well and set to rise in a warm place overnight. In the morning it should be very light and covered with bubbles of air which break when the cover is removed. To the batter add six cups of flour, one teaspoonful of salt, a tablespoonful of fat and half a teaspoonful of soda. Add water to form a smooth stiff dough. Knead fifteen minutes, then set to rise in a temperature of 70 degrees. Cover closely. When light mold into loaves. Set to rise again and bake as carefully as if it were cake.

## DICKERSON RUN BOY WRITES OF OCEAN VOYAGE

Paul E. Keffer Has Great Experience on Board U. S. S. South Dakota.

NOW AT VLADIVOSTOK

Hopes to Return by Way of Suez Canal and Thus Complete Navigation of Globe; Hall at Shanghai is Treat to Boys After Trip's Hardships

An interesting recital of events of a trip from New York to Vladivostok, by way of the Panama Canal, is related by Paul E. Keffer, of the United States Ship South Dakota in a letter to James Beatty, correspondent for The Courier at Dickerson Run. Among other things he tells of a ball at Shanghai, China, where the members of the crew met with the first white girls in three months. There was a "girl for every fellow," says Keffer. His letter, dated March 2, follows:

"Friend Jim:—Just a few lines to let you know that the old flag ship, South Dakota, is still afloat. Jim, we surely are having a fine cruise out here in the Asiatics. We left New York September 13, 1919, and from the 15th of September to January 2, 1920, we have hit quite a number of ports, and I think along in about July or August we will go through the Suez Canal, and if we do that, Jim, we are about to hit Spain and back across to New York. Then I can say I have been around this old globe.

"The day before we came through the Panama Canal we took on 3,200 tons of coal in Colon. We came through the canal and landed in Balboa. We stayed there for a week or two. We all went to Panama City, and from Panama we sailed for Wukuhiva, remaining there just a few hours. No one went ashore but the admiral and chief of staff, Captain DeWitt Blamer. We sailed from there for the Galapagos Islands, which consists of eight large islands. We went on a bike on every one of them. It took us six days to sail around them. There was not a soul to be seen and nothing but mountains and trees. You could not see the tops of the mountains as they were all above the clouds. Some nice sight, believe me.

"When we left the Galapagos we sailed for Tahiti. We all went ashore there and had a very fine time. Jim, the roads were only three feet wide. No place there for a 'till' lizzie. We sailed from Tahiti and went to Pago Pago, a small island situated about 500 miles distant. We took stores in Pago Pago, for we were just about out of supplies. We stayed there for five days. There was no liberty in that port. We sailed from there to Samoa. Jim, that place is surely a clean island. The whole crew wanted to stay there. It took us a week to put aboard 2,100 tons of coal—all of it was put on by hand and dish automobiles. I guess you know what I mean by dish automobiles.

"We stayed there for 10 days after coaling, and then sailed for Manila. On our way from Samoa we crossed the equator. That is when we had some fun, believe me. All enjoyed that day. The sea was rough and we pulled off the Neptune party. About half of us were just through the mill.

"We were at sea for 17 days before landing in Manila, sighting no land on our way from Samoa. We stayed in Manila for two weeks, took aboard more stores and coal and then sailed for Olongapo, P. I. We remained there a month, painted our ship and did some repair work and sailed again for Manila. We remained at Manila four days, taking aboard more coal and stores, and then sailed for Yokohama, Japan. There we had a swell time. All went ashore. We stayed three weeks, and then sailed for Shanghai, China.

"We held a ball there for the ship's company. All Americans attended the ball and, Jim, can you imagine, there was a girl for every fellow. None of the crew had seen a white girl for three long months. It surely was a home in Shanghai for the South Dakota bunch. We stayed in Shanghai for five weeks and then sailed for Vladivostok, Siberia—and here we are today. Only 11 below zero. Some cold, believe me. We have been up here for two months, but I guess we leave this week. Well, Jim, I guess I had better bring this to a close and save something to write to you again. Give all the boys my best and tell 'Dido' I said hello."

## A Drop On a Touchy Corn

Instant relief! Then corn or callus lifts off with fingers

Just think! You can lift off any corn or callus with one drop of this. It is a wonderful discovery. It is a compound and named it Freckle-Face. Any druggist will sell it. It is a bottle of Freckle-Face for every little corn. You apply a few drops directly upon a tender corn or callus. Instantly the corn or callus appears, then shortly you will find the corn or callus so loose that you can lift it right off.

Freckle-Face is wonderful! It dries instantly. It doesn't eat away the corn or callus, but shrivels it up without even irritating the skin.

Hard corns, soft corns, or corns between the toes as well as painful calluses, lift right off. There is no pain before or afterwards. No soreness or smarting. Women should keep a tiny bottle of the Freckle-Face in their corn case.

## Freckle-Face

See and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable concern that it will cost you not a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

## GREAT EXCITING CAUSE OF DISEASE

Weakness, Which Taints, the Premier Preparation Overcomes.

"There is not a single portion of the body not benefited by the healthful work of Tanlac, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole body," said the Tanlac Man.

"Next, it enables the stomach to thoroughly digest its food, thereby permitting the assimilable products to be converted into blood, bone and muscle. It overcomes that great exciting cause of disease—weakness. It builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence, and is an unfailing source of comfort to the aged and infirm. By increasing all the powers of endurance, it enables those who take Tanlac to better encounter fatigue, exposure and overwork."

## COURT UNITES COUPLE

Father's Attempt to Get Possession of 15-Year Old Bride Dismissed.

Mrs. Ella Naomi Moats Swaney, bride of two days of Benjamin Jarral Swaney, aged 23, Haydentown, Wednesday was given into the custody of her husband following a hearing in habeas corpus proceedings before Judge J. Q. Van Swearingen. The couple were married Monday, April 5, at Cumberland, Md., and upon their return the father, Jefferson Moats, the habeas corpus petition set forth, forced the girl bride to leave her husband and return to his home.

The only objection voiced by the parent to the marriage was the girl's extreme youth. She was not required under oath at the hearing to testify as to the manner in which the marriage license was issued at Cumberland. She expressed a desire to live with her husband and Swaney testified in like manner.

### ELABORATE BANQUET PLANNED

This Event Has Become An Annual One on the Part of the Order at the Mill Town, James S. Beacom, of Greensburg (Pa.) be the speaker.

Special to The Courier.

SCOTSDALE, April 8.—This evening the Scottish Rite P. O. E. will entertain the Civil War veterans of Scotland with the annual Appomattox Day dinner and entertainment. Following the Civil War these days were celebrated by the Civil War veterans and the G. A. R., but about 15 years ago, when the ranks began thinning and age was showing on the veterans, the Elks decided to make this an annual affair for them and each year they look forward to celebrating that day the next year. The veterans, when they celebrate, hold banquets, but the Elks have always given more elaborate banquets and tonight will not be different from the rest. James S. Beacom of Greensburg will make an address and there will be music and entertainment of various sorts.

White Way Discussed.

On Thursday evening the members of council on the committee for the "great white way" citizens and Burgess E. F. Fretts held a meeting at the borough building to discuss the lighting of Pittsburgh street from Hurst's store to Broadway. The expense of installing and half the cost of maintenance of the white way must be born by the property holders if it is to become a fact. While the plan was favored nothing definite was decided. If the white way is installed in Scotland all wires and poles on Pittsburgh street in this section will be removed. A test light was placed on Spring street corner on March 24 and people seem well satisfied with it.

### IF YOUR EARS RING WITH HEAD NOISES

If you have ringing, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Earbalm (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Charged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

### HERE IS SALVATION ARMY RECIPE FOR MAKING DOUGHNUTS

The Salvation Army has given you its recipe for doughnuts. This is the formula from which all the crackers for the men of the A. E. F. were made. There is something magic in it, for it is worked wisdom. Here it is: Five cups flour, two cups sugar, five teaspoonfuls baking powder, one tablespoonful salt, two eggs, three-fourths cup milk and one tablespoonful lard. Knead and cut and drop into boiling lard. The lassies who made these doughnuts in France say that a happy smile added to the doughnuts at the time of serving makes them even more delightful.

## Acid-Stomach Makes 9 Out of 10 People Suffer

Doctors declare that more than 70 per cent of all diseases can be traced to Acid-Stomach. Starting with indigestion, heartburn, belching, food-repeating, flat, sour, rawy stomach, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of Acid-Stomach everywhere—people who are subject to nervousness, headache, insomnia, biliousness—people who suffer from rheumatism, lumbago, sciatica and sore and pain all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

## WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day, and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

16,000,000 overalls go on every day

OVER three times as many men as Uncle Sam's great army during the war—that's how many Americans put on overalls every day.

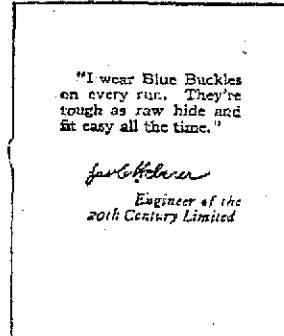

16,000,000 men wear overalls in the United States.

And of these 16,000,000 men, more wear Blue Buckles than any other kind of overall.

They all want overalls that wear well and fit easy—overalls that do not rip or bind.

Just this sort of wear and comfort comes with every pair of Blue Buckles. They're made with the toughest, longest-wearing denim—and lots of it—with big double-stitched, rip-proof seams—with heavy brass riveted buttons, and loops and buckles that won't come off. They are big and roomy, with extra wide suspenders, big, convenient, reinforced pockets, and a solid back band that holds the shape and prevents ripping.

Ask for Blue Buckles the next time you buy overalls.
